

Message from the President

Susan Lynch

Dear Fellow Homeowners,

The Windover Farms Social was held on Saturday June 6, 2015 and was a huge success. Della Cox brought her ponies and petting zoo which was a huge hit with kids large and small. Jonna from "After the Laughter" did the face painting and is looking forward to returning again next year as she feels our neighborhood children are wonderful. Mary Lee created an awesome spread which consisted of pulled barbeque chicken, home-made macaroni and cheese, pound cakes (The lemon was my favorite) and a fully stocked salad bar....it amazes me to see how many health conscious residents we have in our neighborhood. Moods were good and everyone was social, it was great to meet so many new people. Next year I will remember all of the new faces, but at the same time will apologize if I don't remember you by name. I would like to thank Allison Kenyon who once again supplied the wine. A special thanks to all of you that volunteered to help out and make the event run as smoothly as it did.... Michael Savastio, Kileen & Jordan Knight, Charity & Brooklyn Clifford and of course my hubby and boys Larry, Kyle, Dylan and Wesley Lynch. The help that was received with setting up tables, decorating, stocking coolers, running for ice, monitoring bounce houses, keeping the beer keg to "adults only" and helping break down and clean up at the end of the day was immeasurable. This is our annual community event and I could not have done it without you!

On a different note the landscaping renovations are still a work in progress. The center median is still being "tweaked" as additional lighting will add some new life to this area. On Monday June 16th the groundskeeper reported finding holes in the newly planted flower beds. When plans were brought outside it was discovered that 15 newly planted shrubs had been stolen from the entryway on Windover Way. As residents we are all responsible for paying yearly dues. This is what keeps our community maintained and affords us our "unique curb appeal". I am saddened by this and feel a certain sense of outrage that someone would actually steal. Anyone with any information regarding the theft of the plants should contact the Windover Farms Office.

A second recent incident was the destruction of the basketball backboard located in the front office parking lot. Unfortunately, this was probably done by one or multiple people climbing on top of a vehicle to hang on the actual backboard (as the hoop was still intact). Again, anyone with any information regarding this is asked to contact the office. Due to these recent activities an update on the security cameras for all of the common areas will be discussed at the next Board meeting.

My monthly newsletter is designed to be informational and keep fellow residents "in the loop" on the happenings in our community. With that I always like to end on a positive note or even a piece of advice that I try to follow myself... July has arrived and with it so has the heat of the Florida summers. The kids are all off of school and if yours are anything like mine they are eating us out of house and home. I know life seems as it has one speed and that is "go...go...go". I hope those of you with children are able to take some time out of that busy schedule to spend some quality time with them amongst the chaos that is life as they are all growing up too quickly.

Have a Safe and Relaxing 4th of July!!!
