

Message from the President

Susan Lynch

It is June already, and the kids should be out of school enjoying their summer vacation with family and friends. I know mine will be taking advantage of their ability to "sleep in". It is nice seeing so many young people out there walking through the neighborhood, hanging out, talking and socializing. The past week I have heard them towards the evening hours, but they are not causing trouble and I find it refreshing to see that they are enjoying what many of us did when we were younger without computers and video games. Since the kids will be off for the next 2 months, this would be a good time for a reminder that the common areas such as the park and pavilion close at dark.

The Annual Windover Farms Social will be held on Saturday June 6, 2015 from 2-5pm at the Pavilion. It is a fun time for all who attend. Activities will include face painting, bounce houses, a petting zoo and pony rides. There will be an awesome chicken barbeque with salad bar, home-made macaroni and cheese, hot dogs, home-made pound cakes, wine (supplied by Allison Kenyon---thank you), beer and lots of good conversation flowing. We hope to see you there. Although the RSVP date has already past, if you are interested in attending the Social please call the office to inquire if there is still availability to do so. For all of the residents that have helped in the past, whether it was setting up, playing "keg police" or the awesome clean-up crew that we have had for the last 2 Socials I hope you are able to attend and lend a hand again. Volunteers are needed!! Whether you are an adult or a teen in need of Bright Future hours please call the office if you can help out in any way on the 6th.

The front entryway landscaping renovations to Windover Farms are progressing nicely. The sprinkler system was repaired and re-worked as needed. The flower beds have been turned over and new top soil added. Shrubs have been planted within the stone walls. The planters have finally been removed from the median on Windover Way and lights are to be installed in the near future. Thanks for everyone's patience during this process.

There have been many requests over the past couple of months for driveway staining/painting. The application is drawn up and was approved by the Board at the May meeting. It is now available for resident submission. Please check the website or contact Tannis in the office if there are any questions. Again a reminder that this Driveway Painting Application must be submitted with the appropriate Fully Refundable Deposit and approved by the ARC prior to beginning your project.

Until next month, stay safe and hope to see everyone at the Social on June 6th.

Susan Lynch,

President
